

**KOTHARI**  
— IRRIGATION —

DRIP | SPRINKLER | AUTOMATION | MULCHING

## K-Slim Emitting Pipe

(Flat Thinwall Non PC Dripline) **Features & benefits:**

- Manufactured with advanced Israeli technology.
- Large inlet filter & turbulent flow pattern of drippers designed for clog resistant features.
- Manufactured with international standards: 14mil
- Smooth inner surface minimizes friction losses.
- excellent flow characteristics.
- For irrigation of closed spacing crops like vegetables, medicinal plants & other short duration crops.

### Technical Specifications :

Diameters	16mm / 20mm
Thickness	14 mil
Flow rate	1.2 lph / 2 lph / 4 lph
Operating pressure	1 kg/cm <sup>2</sup>
Roll length	12mm-1000 mtr, 16mm-1000 mtr & 20mm-1000 mtr
Spacing	20, 30, 40, 50, 60cm
